

NEW for Summer 2010

SEAGUARD

Glen Raven Mills have continued their proud tradition of manufacturing premium quality products with the introduction of the Seaguard range.

Produced at the Sunbrella® sister plant in Europe, Seaguard is a lightweight reinforced fabric technology manufactured using state of the art coated PVC technology.

Seaguard features all the key elements required to survive the harsh marine environment. 100% waterproof, mildew resistance and dimensional stability to name a few.

Seaguard is available in two qualities. **Seaguard Plus** is ideal for use on biminis and flybridge enclosures while **Seaguard Flex** is light and supple making it perfect for marine covers. Both qualities are available in 150cm & 300cm widths.
