- ✓ *OE factory design and improvements*
- ✓ *Heat sealed*
- ✓ *Supported by extended warranties*

CONSUMER GUIDE

Choosing a replacement soft-top can be an expensive and confusing decision for the end consumer. Essentially there are two options; the purchase of a genuine OE soft-top or an aftermarket soft-top.

Both Robbins and Bestop are manufacturers of quality aftermarket replacement tops. These manufacturers duplicate factory designs, combining original style extrusions and components with premium quality hooding materials and window materials. In some cases, specific changes have been incorporated to improve OE design and increase longevity. With extended warranties that in most cases exceed genuine OE parts, choosing a Bestop or Robbins soft-top is the logical choice.

ROBBINS SOFT-TOPS

Since 1943, Robbins Auto Top Company has been committed to providing only the highest quality soft tops available. From humble beginnings Robbins has become the leading supplier of factory made tops to the automotive aftermarket around the world. Located in a state of the art 53,000 sq ft building in Oxnard, California, Robbins reputation for quality and design has been the bench mark for which competitors and OE manufacturers strive to achieve.

Through innovation and constant research and development, Robbins have available replacement soft tops for almost every known make and model ever made. From the early model MG through to the latest European, American and Japanese vehicles with glass rear windows, Robbins has a top that can be fitted with ease for years of service and enjoyment.

HEADLINERS

TONNEAU COVER

TOP BOOT

WARRANTY

ROBBINS stands behind their products with a three-year warranty that matches OEM warranties. For the first year this is a 100% replacement warranty (except for plastic windows), with prorated support for the next two years. This is far better than the advertised warranties from other manufacturers, and as a practical matter is a warranty program that works when it is necessary.

For specific details and information about the Robbins Auto top range, refer to the Robbins catalogue, or visit www.robbinsautotop.com

BESTOP SOFT-TOPS

For over 50 years Bestop have had a proud history of manufacturing soft tops for the 4WD and sports utility market. Testament to their quality range of automotive aftermarket soft-tops, Bestop are contracted OE suppliers to Chrysler (Jeep) and Suzuki.

These tops are different to a sports convertible in that each top is designed to be completely removed, therefore installation of a new replacement top can be done by the end consumer. Each top is supplied complete with all the hardware required for fitting without any modification to the original vehicle. There are a number of different tops and accessories available. Outlined below is an overview of the product range.

Bestop manufacture soft-tops for the following vehicles:
Chrysler (Jeep), Suzuki, Toyota, Isuzu and Ford.

PRODUCTS AVAILABLE

REPLACE-A-TOP

A replacement soft top made to OE specifications and designed to fit the original frame and fittings.

SUPERTOP

A replacement soft top made using premium fabrics, heavy duty zippers and the patented Belt-Rail attachment system to ensure a taut trim fit. Kit comes with an advanced frame system that needs to be installed to the vehicle using the original mounting points. No drilling or modification is required.

SUNRIDER (Jeep) SUNPORT (Suzuki)

A replacement soft top with the added and unique feature of a fold back or removable sunroof system.

HARD TOPS

Made from fibreglass reinforced plastic, Bestop hard tops fit to the vehicle without modification and provide the flexibility of a soft top with the security of a hard top.

BIKINI TOPS

Designed to be used when the vehicles top is removed, protecting the driver from direct sunlight whilst maintaining the feel and enjoyment of a convertible.

ACCESSORIES

Other accessories available in the Bestop range are; removable door and window systems, sports bar covers, spare wheel covers, seat covers, consoles and many more.

WARRANTY

BESTOP warrant their products to be free from defects in material and workmanship, provided there has been normal use and proper maintenance. This warranty applies to the original purchaser only.

2 YEARS: Replace-a-top™, Sailcloth Replace-a-top™, Supertop®, Sunrider®, and Tigertop® – 1 YEAR: Hard tops and all other "soft goods" (using primarily vinyls, plastics, and/or foam)

For more detailed information refer to the Bestop product catalogue, or visit www.bestop.com
